

Hi everyone,

A lot has happened at GBG site since our last update... and much more is to come.

**Main Dates for Diary:**

**Sat 21 May 10-4pm** - There will be a table outside 39 Wood Street for GBG Fundraising during Geddington Garage Sale. No idea what I'm doing yet but if anyone has items for the table just bring them along or drop off at No. 39.

**Mon 23 May 7.30pm at The Star** – A planning meeting for GBG Open Day. If you can help with this event in any way (e.g. set-up, stewarding, clearing up after) please come along.

**Tue 14 June 8pm at The Star** – Pub Quiz in aid of GBG. If you can come along or donate raffle prizes, that would be great.

**Wed 15 June 6pm** – meet outside 39 Wood Street. We need a bunch of strong folk to help carry and install the finished GBG Iron Totem at the GBG site where it remains under wraps until Open Day. Good training for the village trundle!

**Sun 26 June 2-5pm at the garden** – **GBG Summer Open Day** with fun for all - GBG Café will be serving refreshments; cakes stall, live music. Activities for all the family: nature trails, making percussion instruments; making a high-rise bug hotel and lots more! And if you missed out on last year's bricklet making, there'll be another chance to get your name on the GBG mural.

Our wild flower plateau and reading circle are within sight with just a bit of imagination! Major landscaping work is complete and the easy access path constructed. Huge thanks to Mark Worsdell of M W Builders for their fantastic transformation of this area. Grass and wild flower seed has been sown... just a bit more to do.

We're delighted that more and more people are visiting and using the garden – to rest and relax as well as help with myriad jobs. Everyone in our community is welcome to come in and have a look round any time. Many folk have been up to tend their raised beds which are starting to look lovely now that we approach early summer.

**GBG Volunteer Sessions are every Sunday 10-12 noon** but if this isn't a good time for you, just get in contact and we can arrange to meet at the site and give you a tour!

### **Recycled material, plants and resources needed**

Please think of GBG before you throw out any gardening tools, water butts, trellis, etc. If you have any excess garden plants, we'll find a home. You can drop off down the alleyway at 39 Wood Street. Gardening/building business have already been a great help but we are always in need of bricks, solid timber for raised beds, fence posts, woodchip, wire netting, top soil, gravel, etc.
